

0.0.0 : 0.0.4- Thank you very much.

0.0.4 : 0.0.10- This is the arm spring field meeting agenda committee of a whole and March the 11th of the 25.

0.0.10 : 0.0.12- Just a little bit of housekeeping before we start.

0.0.12 : 0.0.16- No hats, no chambers, no videos.

0.0.16 : 0.0.19- They being allowed or cell phones.

0.0.19 : 0.0.21- Please put my library there off.

0.0.21 : 0.0.24- And then we'll call the the meeting order or like to introduce myself.

0.0.24 : 0.0.28- I'm Mayor Patrick Terrain from the arm of Springfield.

0.0.28 : 0.0.33- Present is our CEO calling the Draper to my right into the sending order.

0.0.33 : 0.0.36- We'll be the deputy mayor, councilor Ward 1 is Glent Fuel.

0.0.36 : 0.0.39- The next would be councilor Ward 2 and because in ski.

0.0.39 : 0.0.43- Next will be councilor Ward 3 that's Mark Miller.

0.0.43 : 0.0.47- Next will be Ward 4, Melinda Warren.

0.0.47 : 0.0.51- This point here will go to the approval of the agenda.

0.0.51 : 0.0.53- Can I get a mover and seconder for that, please.

0.0.53 : 0.1.3- I would like to add under maybe a new business.

0.1.3 : 0.1.10- A note with regards to King Charles III, the metal recipients.

0.1.10 : 0.1.14- Be under new business with that be right.

0.1.14 : 0.1.15- Okay.

0.1.15 : 0.1.18- Anybody else additions or approvals of the agenda.

0.1.18 : 0.1.23- With that addition, can I get a mover or a show hands and support?

0.1.23 : 0.1.24- As you know, Mr. and his carried.

0.1.24 : 0.1.28- And then we'll go to the approval of the minutes.

0.1.28 : 0.1.30- That's item number four, mover and a seconder.

0.1.30 : 0.1.34- Patrick and Melinda.

0.1.34 : 0.1.38- I know you didn't have your hand up yet, but I just anticipate you don't do that.

0.1.38 : 0.1.43- So the committee of the whole minutes, that's February 11th of 25.

0.1.43 : 0.1.49- We do have a addition down there from Mr. from Daniel Page.

0.1.49 : 0.1.54- I'd like to add a correction to the minutes there.

0.1.54 : 0.2.0- Would anybody like to comment to the regards to item four approval of the agenda there?

0.2.0 : 0.2.6- Or, I'm sorry, the minutes, sorry.

0.2.6 : 0.2.10- I think the committee of the whole minutes in February 11th are fine.

0.2.10 : 0.2.15- The additions from Mr. Page.

0.2.15 : 0.2.20- I think they set the level where we would change at the minutes.

0.2.20 : 0.2.27- Minutes are briefs and offices of the events of whatever date that might be.

0.2.27 : 0.2.33- And they're not meant for narrative transcription of the entire in this case here.

0.2.33 : 0.2.35- Delegation.

0.2.35 : 0.2.38- Simply said, it's too much information there.

0.2.38 : 0.2.40- It's not meant for that.

0.2.40 : 0.2.44- That's what the audio is for.

0.2.44 : 0.2.46- Mark.

0.2.46 : 0.2.48- Thank you, Mayor.

0.2.48 : 0.2.53- Dr. Daniel Page reached out to me with concerns with these draft minutes.

0.2.53 : 0.2.56- And again, he's a member of our community.

0.2.56 : 0.3.3- He's a rate payer and he took the time and effort to be a delegation in front of

0.3.3 : 0.3.9- Council and in fact in front of the community, so whole he has suggested to me and as

0.3.9 : 0.3.15- you can see in his submission to administration and to Council that they don't accurately

0.3.15 : 0.3.23- portray his comments and I would agree with you in this case, Mayor, that it's not verbatim

0.3.23 : 0.3.29- I agree with you 100%, but at the same time the part that is transcribed on the

0.3.29 : 0.3.37- minutes needs to be consistent to the dialogue that the presenter, the delegation provided

0.3.37 : 0.3.43- and we have Mr. our doctor page in the audience today in the chamber and he's sincerely

0.3.43 : 0.3.52- taking time out of his day once again to share his concerns and to become before us,

0.3.52 : 0.3.58- but what I would like to say is that we need to be accurate in how delegations want to transmit

0.3.58 : 0.4.4- their information because these are legal instruments that are record of our deliberations

0.4.4 : 0.4.11- and if the person who did the delegation feels that they're inadequate or quite frankly,

0.4.11 : 0.4.22- yes he said this is not consistent to his words and his verbatim that we need to take

0.4.22 : 0.4.28- attention to that and I think Councillor Cachinsky he's in your he's in your ward and I

0.4.28 : 0.4.36- think he shared some of those concerns with you too didn't go ahead and thank you he

0.4.36 : 0.4.44- is a doctor page talk with me about his issues and he's you said that even the headlines

0.4.44 : 0.4.54- of his presentation was an included in the minutes and you know it was like miss representing

0.4.54 : 0.5.0- and whatever he was saying so if you would like to ask to correct them and you know I don't

0.5.0 : 0.5.7- think so it's too much to ask for it and you know and we should do subscribe like Mr. Mayor

0.5.7 : 0.5.12- I know you said that we were doing this for such a long time that why we should change I

0.5.12 : 0.5.19- guess we live an rare and every day so you know if it's somebody giving us good ideas we should

0.5.19 : 0.5.26- do you know embrace that and make sure that we include everybody and we put the proper information

0.5.26 : 0.5.34- Thank you thank you Councillor's Miller and Gazinsky anybody else go ahead to Councillor

0.5.34 : 0.5.42- fuel yeah I just have a question for the CAO calling are we following the municipal act with the

0.5.42 : 0.5.48- minutes that we're doing at this time I just believe that we would be doing that and if we're not

0.5.48 : 0.5.53- then we can change the minutes to add in but my understanding is it's not verbatim or

0.5.53 : 0.5.57- and as long as we're following the act I'm

0.5.57 : 0.6.0- I'm good with that. Thank you.

0.6.0 : 0.6.7- So, I have, I mean, this isn't a new issue, there seems to be a, you know, numerous concerns

0.6.7 : 0.6.13- with inaccurate documentation of delegations. In the minutes, when I spoke with the province,

0.6.13 : 0.6.18- minutes are not a legal document. Under the act, it says minutes are to be completed

0.6.18 : 0.6.25- without notes or comments and should basically show council's decisions that are being made.

0.6.25 : 0.6.30- When I talked about delegations, apparently we're going probably above and beyond what

0.6.30 : 0.6.35- other municipalities are doing. We should just be putting the name of the delegate and

0.6.35 : 0.6.41- the title of their presentation. Just last week, we were at a conference. I spoke to other

0.6.41 : 0.6.49- municipalities to see how they do their minutes. A lot of them don't do audio or video.

0.6.49 : 0.6.54- We do the video or the audio and post that publicly. So, anyone can listen to the delegation

0.6.54 : 0.7.1- and hear it, it's entirety and the suggestion that we should not be trying to summarize delegations

0.7.1 : 0.7.5- and clearly in our case, it's, it's not working.

0.7.5 : 0.7.17- Thank you. And I guess if I can clarify our CEOs, I think it's working fine. Just we're not able

0.7.17 : 0.7.25- to satisfy this individual. I don't think it rises to the occasion where we would have

0.7.25 : 0.7.32- to reinvent the wheel. It hasn't been an issue before and this has been going on for quite

0.7.32 : 0.7.39- some time. There's no misrepresentations at all. There's no intent with regards to that.

0.7.39 : 0.7.49- Our subjective there and that's what the transcript is all about there. So, I think at this

0.7.49 : 0.7.58- point here, we can vote with regards to the approval of the minutes of a committee of the

0.7.58 : 0.8.5- whole for February 11th, 2025. You have to read the anything on that. I'm just going to show hands

0.8.5 : 0.8.13- of those in support. That's Councillor Warren, a fuel interior. Those opposed. Councilor's

0.8.13 : 0.8.25- Miller and Kazinsky is so passed. Then we'll go to, that'll be item six and that's the new

0.8.25 : 0.8.32- new business there. That's the King Charles III Medal. I just want to bring it to council's

0.8.32 : 0.8.42- attention there. That King Charles III medals were handed out. How the ceremony emerged the fourth

0.8.42 : 0.8.50- there at this time back minute. I'm using by member parliament Ted Folk, Emily Kevin, I think

0.8.50 : 0.8.56- Kurtz and Emily Ronchier Schuher. The recipients are

0.8.56 : 0.9.7- Gary Walker, a retired superintendent of Winnipeg Police, myself, MLA, Ron Schueler and

0.9.7 : 0.9.9- how we breeding.

0.9.9 : 0.9.17- So the ceremony was really, really well-attended many representatives from all the areas

0.9.17 : 0.9.26- within the Ted Folk's area and really well received their soul.

0.9.26 : 0.9.31- That's what I wanted to bring to Council's attention.

0.9.31 : 0.9.33- And that's it there with the Greg.

0.9.33 : 0.9.35- Go ahead and Miller.

0.9.35 : 0.9.36- Councillor Miller.

0.9.36 : 0.9.38- Thank you, Mayor.

0.9.38 : 0.9.44- Thank you for sharing with us the King Charles Coordination Awards and in congratulations to those

0.9.44 : 0.9.46- who I guess achieved it.

0.9.46 : 0.9.52- What we don't have is a history and I guess the information of how these people earned that.

0.9.52 : 0.9.59- I know there's many in our community who volunteer without recognition, whether it be at the Springfield

0.9.59 : 0.10.6- Food Bank or at many of the churches throughout our community, the community clubs, helping hands and

0.10.6 : 0.10.11- stand back and many others in our community that go unnoticed.

0.10.11 : 0.10.17- And it seems to me that these coronation awards quite frankly go to political elites or those

0.10.17 : 0.10.24- who are associated with a political affiliation and you can clearly see that in this.

0.10.24 : 0.10.31- But what I'm saying is I'm going to raise a toast to those people in our community that don't get recognized

0.10.31 : 0.10.38- and that definitely deserve recognition because there are just so many that I bump into in our community

0.10.38 : 0.10.47- from the Springfield Agriculture Society to Cook's Creek to do Gold Community Center and so so many that again.

0.10.47 : 0.10.55- They don't need these recognitions to be, I guess, you know, congratulated on.

0.10.55 : 0.11.0- But please, please, we have to recognize and understand that there are so many in our community

0.11.0 : 0.11.6- that do so much for us and we couldn't really have a strong community without those people who aren't in those

0.11.6 : 0.11.10- coordination awards. So that's just my comments.

0.11.10 : 0.11.12- And I totally agree with you.

0.11.12 : 0.11.15- Any other comments or questions?

0.11.15 : 0.11.21- Okay. Then we can move on to which one is that one?

0.11.21 : 0.11.25- On the 6.1 that's slightly byla.

0.11.25 : 0.11.27- Move on to seconder for that.

0.11.27 : 0.11.30- Melinda Patrick.

0.11.30 : 0.11.32- So this is just for information.

0.11.32 : 0.11.35- Unfortunately, Constable Zillman couldn't make it today.

0.11.35 : 0.11.41- He is one that kind of oversaw this draft of the unsightly byla.

0.11.41 : 0.11.45- So there's a few attachments here.

0.11.45 : 0.11.50- The first is the new draft of the byla.

0.11.50 : 0.11.53- The offense schedule proposed.

0.11.53 : 0.11.55- He put together just.

0.11.55 : 0.12.2- a document explaining the changes he's proposing and then just sorry today I decided to attach

0.12.2 : 0.12.8- the current bylaw just so you can see the comparison of the two. So it's a lot of information

0.12.8 : 0.12.15- to take in as I said, Constable Zillman was not able to attend today but if you've read the

0.12.15 : 0.12.23- document, have any questions we can do our best to answer them or get some answers from
Jessie

0.12.23 : 0.12.32- one he is back at work? Thanks for a few. Yeah I have a question or two. My question is

0.12.32 : 0.12.39- is when we look at the draft and sadly bylaw explainer from the Springfield Police Service

0.12.39 : 0.12.47- down in the bottom it states that he would be the best interest of the municipality to have

0.12.47 : 0.12.53- two other bylaws that are like vehicle bylaw and the unlawful dumping bylaw separately

0.12.53 : 0.12.58- are we looking at that two still at this time or is this just going to be the one for all because

0.12.58 : 0.13.3- I noticed in the one that's being presented as the draft as rubbish in there so it was a little

0.13.3 : 0.13.9- confused on that. Yeah right now it still is combined as one document when we did the review I

0.13.9 : 0.13.13- think those were the points he made is that it probably would serve us better to have

0.13.13 : 0.13.21- separate documents that could take a bit longer to put those documents together so we would

0.13.21 : 0.13.27- suggest just amending our current bylaw to get it in compliance with our municipal bylaw enforcement

0.13.27 : 0.13.32- bylaw just so that we can start enforcing these things and have a little bit more teeth to it

0.13.32 : 0.13.37- and then continue to work on those additional bylaws and bring them in the future. Okay thank you

0.13.37 : 0.13.48- for that clarity. Councillor Miller thank you Mayor. I'm thankful for our for a

0.13.48 : 0.13.52- considerable settlement for preparing this document I think it's thorough and I think there's

0.13.52 : 0.13.55- definitely importance to it. One question I have though is under

0.13.55 : 0.14.3- standards and five point age. I don't really know if I could interpret it property so it says

0.14.3 : 0.14.9- regular outdoor burning the smoke of which causes a new sense to adjoining properties now

0.14.9 : 0.14.14- in my community particularly because we have such a high level of horse concentration we do have

0.14.14 : 0.14.20- individuals that do have smudges when their skittles are at high standards and we don't complain

0.14.20 : 0.14.25- because we have horses as well we don't actually do a smudge but it's just a standard kind of

0.14.25 : 0.14.31- thing that people tend to do to protect the horses from of course the viruses that mosquitoes carry

0.14.31 : 0.14.36- certainly we happen to spray our horses periodically and have blankets and other things but

0.14.36 : 0.14.42- nonetheless my question here is what does regular outdoor burning mean does it mean garbage does

0.14.42 : 0.14.47- it mean smudges does it mean other things and what does the term if you were in a court of law I'm

0.14.47 : 0.14.50- not entirely sure

0.14.50 : 0.14.56- or both lawyers for and against what argument regular actually is interpreted as because

0.14.56 : 0.15.0- that's such a lesson wholesome kind of a word, right?

0.15.0 : 0.15.6- It's very interpretive and in laws, you know, interpretive languages depending on which

0.15.6 : 0.15.8- lawyer you have might fight best.

0.15.8 : 0.15.14- But what does Constable Zillman and or the RM of Springfield interpret is regular

0.15.14 : 0.15.15- burning.

0.15.15 : 0.15.20- This is being once a day, once a week, once a month, once every second week.

0.15.20 : 0.15.25- I just think it needs to be more helpful for people particularly again in my ward and I'm

0.15.25 : 0.15.31- sure in others, but again, because they will be affected by, again, if this means smudges

0.15.31 : 0.15.36- or garbage burning, which of course garbage burning I don't, I don't absolutely support

0.15.36 : 0.15.40- at all because of the toxins and things, but carcinogens that are emitted.

0.15.40 : 0.15.48- But do you know if there's any clear language on the term regular?

0.15.48 : 0.15.54- So I can't explain regular in this by-law, but we do have separate burning by-laws that

0.15.54 : 0.16.1- would have more details in it, so we'd probably be regulating the burning under those

0.16.1 : 0.16.8- by-laws anyways, but we do get quite regular complaints about people that are burning,

0.16.8 : 0.16.11- that they have a burn barrel, and they're not supposed to.

0.16.11 : 0.16.18- We try to regulate that, but if people are just having regular bonfires and this windy

0.16.18 : 0.16.25- or smoke is constantly blowing into one person's yard, we will get those complaints.

0.16.25 : 0.16.32- So that's something I can take back and we can try and, you know, describe that a little

0.16.32 : 0.16.38- better, or maybe we just refer, you know, take that out and keep our own burning by-laws

0.16.38 : 0.16.41- as the by-law that we would enforce those with.

0.16.41 : 0.16.49- So I think this is probably regular nuisance calls that we get, and so they're being addressed.

0.16.49 : 0.16.54- But yeah, I agree with you, that probably has to be clarified.

0.16.54 : 0.17.1- And just for clarification, too, for my own point, some constituents or members of the

0.17.1 : 0.17.5- public have said to me that they regularly burn their garbage.

0.17.5 : 0.17.10- Now, again, I'm not entirely sure what that means regularly means when the barrel's full,

0.17.10 : 0.17.17- is garbage burning permitted in our RM at all, at any time, on a private residence?

0.17.17 : 0.17.20- I should know this, but I think the fire chief is online.

0.17.20 : 0.17.26- I'm going to say that burning of garbage is not permitted or shouldn't be.

0.17.26 : 0.17.32- And that's my interpretation, but I want to be entirely accurate on how to transmit that to constituents

0.17.32 : 0.17.34- who asked that question.

0.17.34 : 0.17.38- So I'm not asking, what you on the spot today, but I think it would be helpful for counsel

0.17.38 : 0.17.44- to know if garbage, residential burning is even permitted, just for clarity, that's all.

0.17.44 : 0.17.49- Because it kind of focuses on this, too, to some degree, because some people I know are,

0.17.49 : 0.17.56- garbage every day all the time, you know, and so that would fit the term regular burning,

0.17.56 : 0.18.0- but if we could just have clarity, that's all I'm asking. I'm not sure to be a knit picker,

0.18.0 : 0.18.4- but I don't think this is important for all of us. I was going to say it's not even that

0.18.4 : 0.18.8- clean garbage allowed, but who knows what's in that barrel that they're burning, and then there's

0.18.8 : 0.18.15- noxious smells and, you know, that's where the the problem starts. But I'll definitely

0.18.15 : 0.18.28- clarify that with the fire chief. And Colleen, you said that the burning garbage that we have a

0.18.28 : 0.18.39- rule and, you know, an oven or a do-go, people complaining more like in the residential area,

0.18.39 : 0.18.48- then then the rural area. I think it's more prevalent in the rural area, because the towns have

0.18.48 : 0.18.53- garbage pickups, so I don't think it's a problem, but they're burning garbage. It's the people

0.18.53 : 0.18.59- I don't want to take additional trips to the transfer station, and they're just collecting everything

0.18.59 : 0.19.4- in a barrel, and then burning it, but that's when you start to get the smells and, and, you know,

0.19.4 : 0.19.11- the smokes that are are not fun to have in your backyard, so. Okay, thank you.

0.19.11 : 0.19.20- There's a question from Council. I see none, and we can move on to a 6.2 that's a June district

0.19.20 : 0.19.27- resolutions. Just a reminder for Council, same as every year, we kind of have a deadline to submit

0.19.27 : 0.19.34- resolutions to the June district meetings, so June 1st is the deadline, so just a reminder for

0.19.34 : 0.19.40- Council to kind of think of any ideas, speak with the administration, and we can start to craft

0.19.40 : 0.19.50- those resolutions if there is anything you want to put forward. Okay, then seeing there's no further

0.19.50 : 0.19.57- questions here, I'm prepared to close the the meeting to go into in-camera items,

0.19.57 : 0.20.1- so they're kind of going to move on a second or two, I'll go into a close meeting up, please.

0.20.1 : 0.20.4- I'll end that plan. I just want to hear where I'm in a close meeting.

0.20.4 : 0.20.5- Everybody's mics are off.

0.20.5 : 0.20.23- Thank you. We are out of close meeting at two 26, unless there's other issues, I'm prepared

0.20.23 : 0.20.31- to a June. I see none. Can I just get a mover in a second or two to go to a German,

0.20.31 : 0.20.39- American Melinda, and we'll be closing this meeting of March 11th, the 2025 Community of

0.20.39 : 0.20.42- the whole at 227 p.m.

0.20.42 : 0.20.43- Thank you very much.
